ISSN: 1543-0790

Mission

The mission of *Clinical Advances in Hematology & Oncology* (CAH&O) is to contribute to the advancement of these inter-related fields by providing indispensable editorial content to oncologists, hematologist/oncologists, and pure hematologists. CAH&O fulfills the voiced need of practicing physicians for a practical and readable journal containing the most up-to-date clinical information in malignant and nonmalignant hematologic disorders, as well as solid tumor cancers. CAH&O is also dedicated to being the leader in editorial coverage of targeted therapy.

CAH&O's main editorial departments are:

- Thought leader-driven review articles
- Advances columns featuring engaging interviews with experts on current issues in solid tumor oncology, hematologic malignancies, hematologic disorders, drug development
- Counterpoints: Section addressing clinical controversies in hematology/oncology

Editorial Direction

A peer-reviewed monthly journal, CAH&O provides editorial content encompassing a wide array of topics relevant and useful to the fields of oncology and hematology, both separately and together. Content is directed by the strong input of experts in the field. CAH&O contains several monthly columns providing cutting edge content on current issues in these fast-moving fields, including:

- In Focus: Breast Cancer, Colorectal Cancer, Lung Cancer, Prostate Cancer, or Melanoma
- Pro/Con: Experts present their views on controversial issues in hematology and oncology
- Clinical Trials Broadcast: Summaries of ongoing, phase III clinical trials in vital therapeutic areas
- Hem/Onc News: Briefs about the latest developments and global meeting coverage
- Clinical Updates: Peer-reviewed updates on landmark therapeutic developments
